| Targeted support                         | Actual cost to School | Pupil Premium allocated | % of Eligible Children Accessing Provision | Objectives  |
|--|-----------------------|-------------------------|--|---|
| RWI Support                              | £1,908                | £1,908                  | Variable across the year                   | Phonics support for children currently not on target to reach ARE through targeted RWI group session and 1:1 focused tutoring.  |
| English and Maths targeted support       | £2,185                | £2,185                  | 100%                                       | English and Maths targeted intervention in small groups or 1:1 to extend GDS children and to support those who are not on target to reach ARE.  |
| PP focused monitoring across curriculum. | £9,287                | £6,342                  | 100%                                       | Termly focused book looks by MLT to monitor progress of PP children. Action points from book look shared with class teachers and support given by MLT to ensure intentions are met, well implemented and greatest impact achieved.  |
| Funfit                                   | £1,883                | £1,883                  | Variable across the year.                  | To develop the gross motor skills of children in their physical development. Following the latest research on the link between gross motor skills in EYFS children and their ability to have the stamina to write for any length of time, Funfit will support children in this.   |
| Family Liaison Officer                   | £15,945               | £15,700                 | 100%                                       | Pastoral support for children, families and the school community. Sign-posting to external support and working with external agencies, monitoring attendance and working closely with Educational Welfare Officer.  |
| TIS Practitioner                         | £8,365                | £8,365                  | 100%                                       | As an approved Trauma Informed School (TIS) children will have access at all times to a trained TIS practitioner to support them in their emotional literacy. This in turn will support children academically, enabling them to make greater progress across the curriculum with an increased self-esteem. All children will have access to this support, however PP or LAC children will have designated time. |
| Life skills and Healthy living           | £4,543                | £4,543                  | 100%                                       | Weekly afternoon gardening sessions to teach children about healthy eating, how to live sustainably and to support science curriculum. Cooking and Gardening  |

|                    |                |                |                           |  |
|--------------------|----------------|----------------|---------------------------|--|
|                    |                |                |                           | Clubs extend the curriculum beyond the school day to promote independence of taught learning.  |
| Forest School      | £3,664         | £3,500         | Variable across the year  | Focused support on emotional and social well-being to build confidence, self-esteem, value and learn through the philosophy of Enjoyable, Memorable Learning.  |
| Music Tuition      | £1,354         | £1,354         | Variable across the year. | Choir, Samba and Ukulele Clubs are provided for every child to access in KS1. The intention is for music tuition to build self-esteem, confidence, expression, collaboration and concentration.  |
| Expert art tuition | £4,200         | £4,200         | 100%                      | Professional artists work with all children across the school to promote self-esteem, PSHE, concentration, fine motor control and art knowledge and skills progression components to support the art curriculum.   |
| Sports4Tots        | £5,460         | £5,460         | 100%                      | Physical education provided by external sports coach to support PE curriculum and support the knowledge of healthy living and lifestyles. Children will be taught life skills around competition. Self-esteem and awareness, teamwork and working with others and peer support will be built through encouraging activities. |
| <b>Total</b>       | <b>£58,794</b> | <b>£55,440</b> |                           |  |
