

History

'Remember the days of old; consider the years of many generations; ask your father, and he will show you, your elders, and they will tell you' Deuteronomy 32:7

At St Meriadoc CE Infant Academy our History Curriculum follows the National Curriculum. Our school ethos celebrates all aspects of school life and endeavours to provide positive experiences for all pupils. This is reflected in our vision and mission statements.

At St Meriadoc CE Infant Academy history is taught through our exciting and creative topics. Through history lessons children gain coherent knowledge and understanding of Britain's past and that of the wider world. They are inspired to know more about the past and the people who are significant in our lives today. At St Meriadoc CE Infant Academy we equip the children with the skills they need to become historians and find out about the past for themselves. This enables them to be able to ask questions, think critically, weigh evidence and develop their own opinions. Teachers at St Meriadoc CE Infant Academy will give the children the vocabulary they will need to enable them to be able to talk about history, this is planned to be progressive from foundation up to Year 2. We believe that children gain knowledge and skills not only through experiences in the classroom but also with use of fieldwork and educational visits where the children learn about significant events, people and places in their own locality.

The History Lead is responsible for supporting colleagues in their teaching, keeping them informed of current developments in the subject, and by providing a strategic lead and direction for History including following the school's robust system for monitoring and assessing Foundation subjects for History.

History

Our children are supported through our five chosen rights from the United Nations Convention on the Rights of the Child and our core Christian Values, all embodied through our vision of **God Believes, We Believe, I Believe** and our mission statement:

‘Through enjoyable, memorable learning, supported by our core Christian Values and high expectations, we can aspire to make educated choices in order to flourish to live a rich and fulfilled life.’

Rights and Respect

At St Meriadoc CE Infant Academy, we are proud to teach and promote children’s rights. We learn about our five chosen rights from the United Nations Convention on the Rights of the Child:

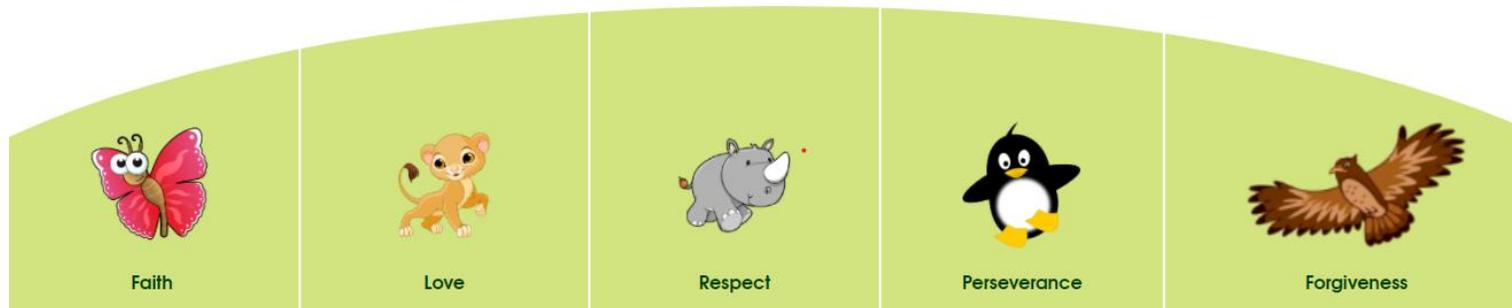

A12: Right to a voice	A15: Right to a faith	A28: Right to an education	A29: Right to be the best you can be	A31: Right to relax and play
--------------------------	--------------------------	-------------------------------	---	---------------------------------

Our School Council: Rights Ambassadors support that all children receive their rights across all areas of school life.

In addition to our five school rights, we reference other rights from the convention where appropriate and purposeful links can be made to support learning. Such as in all History topics we refer to Article 17 - the right to reliable information from a variety of sources. As with all areas of the curriculum, when planning, we also use our school Ethos document to weave Rights, British Values and RSHE teaching to ensure a holistic approach, rather than these areas being taught as ‘add ons’.

Christian Values

Our whole school ethos is underpinned by our core Christian Values of Faith, Love, Respect, Perseverance and Forgiveness. In History, we further explore these values such as exploring how different historical figures had faith and a belief to make change for a better world.

History

Intent (curriculum design, coverage and appropriateness)	Implementation (curriculum delivery, teaching and assessment)	Impact (attainment and progress)
<p>Our aim of the History curriculum is to ensure that all children are inspired and curious about Britain's past and of the rest of the world.</p> <ul style="list-style-type: none"> • We believe high quality history lessons inspire children to want to know more about the past and to think and act as historians. • Many of our lessons use an enquiry-based approach where the children are expected to think critically and be able to ask and answer questions. • The children are equipped with the vocabulary that they need to become historians and to talk about the past and the passing of time. • Lessons provide opportunities for children to support, evaluate and challenge their own and others' views using a range of primary and secondary sources. • We believe that children will gain knowledge and skills not only through experiences in the classroom but also with use of fieldwork and educational visits. 	<p>To ensure that high quality history is taking place throughout the whole school we implement a curriculum which is progressive from EYFS through to Year 2.</p> <ul style="list-style-type: none"> • History lessons are planned through our termly topics with a focus on knowledge and skills. • History lessons have a strong focus on vocabulary which ensures that all children are able to talk about history using the appropriate language. • The subject leaders work closely alongside teachers to ensure that knowledge and skills within history lessons are progressive through the school. • Our robust foundation subject monitoring system, includes planning scrutiny, book looks, subject data analysis, subject coverage checks, lesson observations and pupil conferencing will enable the curriculum leaders to check coverage and progression. 	<ul style="list-style-type: none"> • Children will know more, remember more and understand more about history. • Children will be able to think critically about history and be able to ask and answer questions. • Children will be able to talk about history using historical language which will be built upon each year. • Children will understand and use the key skills: chronological understanding, knowledge and understanding of events in the past, historical interpretation, historical enquiry and organisation and communication. • Children's progress is tracked using our Foundation assessment grids, using the skills progression assessment records too. Any areas of development will have been identified.
