

# Marvellous Mystery Tour

Heron And  
Swan Class

We made boats from recycled materials and tested them.

We learnt about Aboriginal journey sticks and collected natural objects from different parts of the school grounds to remind us of our journey.

We learnt about Aboriginal journey sticks and collected natural objects from different parts of the school grounds to remind us of our journey.

We used different tools to imprint trains in clay.

We made models of vehicles with junk materials and wheels and axles and tested them out.

We made models of vehicles with junk materials and wheels and axles and tested them out.

We had a visit by the  
fire engine to talk  
about fire safety.

We went to Moseley Museum by bus. We had two train rides and saw a replica of a Murdoch Flyer steam engine and old toys.
